JEANKLÉBERT

Only the strongest remain on the field

In nearly 70 years of activity, the prestigious Jean Klébert brand has produced various cosmetic lines to satisfy and respond to the growing needs of customers: today a new team is born, composed of the most popular best sellers made over the years by our laboratories and enriched by new highly performing body products. Composed of selected and phytoceutical ingredients, the new Jean Klébert line is made up of an exclusive and unbeatable range of products to care for, regenerate, hydrate, counteract aging and stimulate skin renewal. A meticulous, refined, strong selection, developed and formulated by our laboratories, always in perpetual search of quality and completeness, and enriched by innovative products composed of active ingredients and natural elements designed for every beauty ritual. The new Jean Klébert line is designed to solve the most common aesthetic problems and, above all, to convey to all our customers a unique and precise methodology; our professionals will be able to ensure certain and reliable results thanks to accurate protocols, carefully studied by our specialists, for each type of imperfection to be treated.

A 70-YEAR-LONG STORY
FOR THE CARE OF YOUR BEAUTY

RENOVATED PACKAGING

The line consists of the best-selling bestsellers of recent years and new innovative formulas for body treatments, both for professional use and do-it-yourself. Furthermore, a restyling of the line has been carried out, grouping existing lines together and, in some cases, removing or adding new products. The redesign of the packaging of each product has been designed to assign a new identity to the brand and clearly communicate it to our customers.

FACE

CLEANSER FOR SENSITIVE SKIN WITH BISABOLOL

[Home: 250 ml bottle – Professional: 500 ml bottle]

Milk cleanser with a light and gentle formula that cleanses the skin without drying it out, enriched with Bisabolol, so gentle it can be used multiple times a day. Allergen-free fragrance. Does not contain alcohol.

How to use: apply 1-2 doses to your hands and massage your entire face and neck for a few minutes. Rinse with plenty of warm water. Dry.

Code Home JKN041
Code Professional JKN002

CLEANSING GEL FOR COMBINATION SKIN WITH CHAMOMILE

[Home: 250 ml bottle – Professional: 500 ml bottle]

Lightly astringent gel that gently removes makeup and impurities. Contains a high concentration of chamomile flower extract for a soothing action. Does not contain alcohol. Suitable for combination and oily skin.

How to use: apply 1-2 doses to your hands and massage your entire face and neck for a few minutes. Rinse with plenty of warm water. Dry.

Code Home JKN040
Code Professional JKN001

JELLY JAM CLEANSER SENSORY MILK GEL

[Professional: 200 ml tube]

With an appealing and sensory aspect, this refreshing jelly deeply cleanses without leaving any trace of grease as it is immediately absorbed by the skin. Upon contact with rinse water, it transforms into a velvety milk that eliminates every impurity. Suitable for young or tendentially oily skin.

How to use: apply a dose of product to a cotton ball and pass it all over the face. Rinse.

Code JKN006

CLEANSER FOR MATURE SKIN WITH ALMOND OIL

[Home: 250 ml bottle – Professional: 250 ml bottle]

Combines cleansing action with a gentle exfoliating action provided by hydroxy acids, which in a single step can even out the skin, purify pores, and smooth keratin excess. The skin remains soft thanks to the emollient properties of Almond oil, which also protects from polluting atmospheric agents. The fragrance does not contain allergens. Combats imperfections and photo-aging. Suitable for skin with imperfections.

How to use: apply 1-2 doses to your hands and massage your entire face and neck for a few minutes. Rinse with plenty of warm water. Dry. Do not use around the eye area.

Code Home JKN042
Code Professional DERM0003N – PACK UNDERGOING RESTYLING

DUAL-PHASE EYE CLEANSER

[Professional: 150 ml bottle]

Gentle two-phase oil-water makeup remover, particularly delicate as it is free from emulsifiers, but at the same time highly effective in removing any type of makeup, even the most resistant.

How to use: shake the product well until its phases are well mixed and pour onto a cotton pad before they separate again.

Code GC801 – PACK UNDERGOING RESTYLING

TONICS

MIST & FIX TONIC

[Professional: 150 ml bottle]

Makeup setting tonic, formulated as a tonic after cleansing or as a makeup fixer after makeup. Contains Hyaluronic Acid for immediate hydrating action and Rock Crystal grass excellent for setting makeup.

How to use: apply at any time of the day to hydrate the skin, after cleansing as a tonic, after makeup to set it for a long time. Spray about 20 cm from the face and let it dry. Do not massage.

Code GC802 – PACK UNDERGOING RESTYLING

MICELLAR MOUSSE

[Professional: 150 ml bottle]

Its particular foam texture purifies, refreshes and tones while decisively but gently removing makeup. It leaves the skin soft as after the application of a cream. Suitable for all skin types, even sensitive ones. Also suitable for frequent cleansing throughout the day.

How to use: apply a dose of product to a cotton ball and pass it over the face and neck. Repeat the operation until the skin is completely clean. No need to rinse.

Code GC805 – PACK UNDERGOING RESTYLING

NORMALIZING TONIC WATER WITH SAW PALMETTO EXTRACT

[Home use: 250 ml bottle – Professional: 500 ml bottle]

Applied after the cleanser, it returns the pH to the physiological value, removes impurity residues and performs a light exfoliating action that becomes an instant beauty treatment. It tones the skin thanks to the extracts of buddleja and saw palmetto. The scent does not contain allergens. Alcohol-free. Suitable for all skin types.

How to use: create a compress using paper tissues by wetting them with the product itself and leave it on for 5-6 minutes. Remove the compress and dry the skin.

Code Home JKN043
Code Professional JKN004

PEELING

GRANULAR GEL CLEANSER

[Professional: 200 ml tube]

It is a treatment in itself, while it removes makeup and skin impurities, it encourages the shedding of dead cells, giving the skin a bright and vital appearance. **Suitable for mature skin, even daily.**

How to use: wet the face and massage a dose of the product until you get a light foam, then rinse.

Code JKN009

MASKS

ACTIVE OXYGEN MASK

[Professional: 2 bottles of 50 ml each]

Intensive treatment to pair with any application in the Institute. It gives the skin an instant burst of energy. The special formulation, in contact with air, releases thousands of bubbles that revitalize the skin which in just a few minutes, appears fresh, vital and deeply renewed.

How to use: apply a thin layer on cleansed and dry skin, leave on for 2/3 minutes until it transforms into a soft mousse. Massage for 2/3 minutes and remove with water.

Code JKN010

PURIFYING SEBUM-BALANCING MASK

[Home: 30 sachets of 10 ml each - Professional: 2 tubes of 250ml each]

Contains very pure Clay capable of absorbing impurities that suffocate impure skin; Glycolic Acid instead effectively combats oily skin and pimples. Mattifying effect.

How to use: at home twice a week, leave it on for 10 minutes and remove it with water.

Code Home 4842 – **PACK UNDERGOING RESTYLING**
Code Professional 4846 – **PACK UNDERGOING RESTYLING**

SOOTHING REFRESHING MASK

[Home: 30 sachets of 10 ml each - Professional: 2 tubes of 250 ml each]

Whenever your skin appears red, irritated, overheated, with capillary fragility, use this concentrate of Ready Beauty.

How to use: leave it on for 6-8 minutes and remove it with cool water; you will rediscover a white and relaxed skin. At home 1-2 times a week.

Code Home 4505 – **PACK UNDERGOING RESTYLING**
Code Professional 4844 – **PACK UNDERGOING RESTYLING**

8 HOURS OF SLEEP MASK

[Home: 30 sachets of 10 ml each - Professional: 2 tubes of 250 ml each]

The effect after 10-15 minutes of application is the same as a restorative 8 hours of sleep. The skin appears taut, fresh, and rested.

How to use: use it whenever you need a "first aid" for your beauty, applying it in a thick layer and in a relaxed position.

Code Home 5015 – **PACK UNDERGOING RESTYLING**
Code Professional 4845 – **PACK UNDERGOING RESTYLING**

OXYGENATING MASK

[Professional: 250 ml tube]

Special mask with a vasodilating effect on the capillaries in the skin. The active ingredients contained within help to repair tissues while keeping the skin soft and elastic. Using this mask after cleansing is an optimal preparation for the skin before performing subsequent treatments. Due to its incredible vasodilating effect, it is not recommended for extremely sensitive skin or skin showing signs of inflammation.

Code MC9086 – **PACK UNDERGOING RESTYLING**

SERUMS

ILLUMINATING RESTRUCTURING MASK

[Home: 30 sachets of 10 ml each - Professional: 2 tubes of 250ml each]

When your skin appears gray, dull, thin, and less elastic, apply this soft mask, let it sit for 10 minutes, massage it for a couple of minutes before removing it with water, for a restructuring effect thanks to DMAE.

How to use: at home 1-2 times a week

Code Home 4699 – **PACK UNDERGOING RESTYLING**
Code Professional 4843 – **PACK UNDERGOING RESTYLING**

ILLUMINATING SERUM

[Home and Professional: 30 ml bottle]

An effective and safe alternative to any depigmenting treatment that can be carried out in the field of dermatology to treat all types of skin spots and to uniform or correct the complexion on the face, neck, décolleté and hands. It lightens hyperchromic spots and reduces their formation. It removes melanin accumulation and gives a skin illuminating effect thanks to its smoothing action.

Suitable for all skin types, particularly those with hyperchromic spots.

Code Home JKN062
Code Professional JKN016

CORRECTIVE SERUM WITH BETASALICYLATE

[Home and Professional: 30 ml bottle]

Corrective serum for skin imperfections, contains Betasalicylate capable of smoothing the skin, uniforming its grain and favoring the removal of the horny spurs that block the sebaceous follicle; the effect is completed by Zinc, capable of regulating sebum production and Hyaluronic Acid that maintains good skin hydration.

How to use: after cleansing and toning, apply 4-5 drops onto the palm of the hand and apply on the entire face, neck, and décolleté, or just on localized areas, until fully absorbed. Apply the suitable cream.

Code Home JKN063
Code Professional JKN017

ENERGIZING SERUM WITH VITAMIN C & DMAE

[Home and Professional: 30 ml bottle]

Serum with corrective action on the signs of skin aging, thanks to the unique combination of antioxidants, antiglycation substances, and moisturizing agents. It does not contain alcohol. It does not contain perfume. Suitable for mature, marked, and dehydrated skin. Suitable for skin that has lost firmness and complexion. Improves the overall appearance of the skin.

How to use: after preparing the skin to receive the active ingredients with appropriate cleansing and toning, apply the serum on the entire face, neck, and décolleté or target it to specific areas; massage until fully absorbed.

Code Home JKN064
Code Professional JKN018

ANTIOXIDANT SERUM VIT C, VIT E, AND PHYTIC ACID

[Home and Professional: 30 ml bottle]

The serum has antioxidant properties, reducing and preventing the formation of spots while stimulating the synthesis of collagen and elastin. It provides daily protection against photo-induced damage, regulates oily skin, and restores firmness, tone, and uniformity to the complexion.

Suitable for all skin types, particularly normal and dry skin, or skin showing signs of pronounced aging. It is the result of advanced cosmetological knowledge in the field of antioxidants; for this reason, its use is essential for those who truly want to create a protective barrier against "aging" agents such as free radicals, pollution, and smoking, preventing their harmful effects. **Recommended for skin already showing signs of aging, such as wrinkles of various degrees, sunspots, and loss of tissue tone.**

Code Home JKN065 – Code Professional JKN027

SUPER MOISTURIZING & SOOTHING SERUM WITH HYALURONIC ACID

[Home and Professional: 30 ml bottle]

A serum that contains a high concentration of Hyaluronic Acid, the essential substance for maintaining the hydration of our tissues, combined with an innovative blend composed of Xanthan Gum, Glucose, and Carrageenans, which have the unique ability to form a moisturizing and protective film on the skin, capable of retaining water with an immediate and long-lasting effect. It does not contain perfume or alcohol. **Suitable for all skin types.**

How to use: after cleansing and toning, apply 4-5 drops in the palm of your hand and apply to the entire face, neck, and décolleté until fully absorbed. Apply the appropriate cream.

Code Home JKN066 – Code Professional JKN019

SKIN CAPS

SkinCaps are a concentration of pure active ingredients and functional substances that, using modern dermocosmetic technology, preserve the integrity of the cosmetic product encapsulated until its use. SkinCaps are dosed for daily application and stored in a special dispenser for 28 ready-to-use treatments. Thanks to the immediate action of Hyaluronic Acid, SkinCaps reduce deep wrinkles for a long-term effect. The patented Vegicaps® technology of the single-dose SkinCaps ensures maximum effectiveness and product hygiene without the addition of parabens, excipients, fragrances, or colorants.

EYES LIFT WRINKLE AND DARK CIRCLES TREATMENT WITH VITAMIN A AND CHRYSIN

[Home Use: 28 single-dose microspheres, 0.31 ml each]

A concentrate of pure active ingredients and functional substances that, using modern technology, preserve the integrity of the encapsulated cosmetic product until its use. SkinCaps Eyes Lift has a dual cosmetic action. Wrinkle action: guaranteed by the Vitamin A microspheres, which immediately reduce fine lines and stimulate the skin renewal process, increasing its tone and firmness. Dark circles action: guaranteed by the combination of Chrysin, a flavonoid that reduces purplish discoloration, and a blend of Oligopeptides encapsulated in microspheres that provide firmness and freshness to the eye contour area.

Code JKN068

DOUBLE EFFECT ANTI-WRINKLE HYALURONIC ACID IN MICROSPHERES AND BIOPEPTIDES

[Home: 28 single-dose microspheres of 0.6 ml each.]

A concentrate of purest actives and functional substances that, using modern technology, preserve the integrity of the encapsulated cosmetic until its use. SkinCaps Double Effect has a dual cosmetic action. Immediate action: the Hyaluronic Acid microspheres activate the rapid hydration process, resulting in a noticeable reduction in the depth of wrinkles, as well as extraordinary skin softness. Long term action: ensured by the mixture of two peptides derived from yeasts capable of increasing collagen and elastin production, increasing the activity of fibroblasts.

Code JKN069

SOOTHING RICE SERUM

[Home use: 30 ml bottle]

Concentrated serum suitable for skin with rosacea with soothing, lightening, and calming action.

How to use: apply a few drops with a light massage until fully absorbed, before applying the appropriate cream.

Code 4169 – PACK UNDERGOING RESTYLING

FILLER EFFECT CREAM WITH MANDELIC ACID AND VITAMIN C

[Home: 50 ml jar – Professional: 250 ml tube]

This cream contains a complex of functional substances, such as Vitamin C and Mandelic Acid, chosen for their ability to specifically target the depletion of skin tissues and their loss of elasticity, without neglecting a good emollient effect. This pool of ingredients promotes the recovery of a youthful appearance of the skin. Volumizing and elasticizing action. Rich in vegetable oils with high emollient power. **Suitable for mature skin, with the presence of wrinkles and loss of tone and volume.**

How to use: in the cabin after preparing the skin to receive the active ingredients with appropriate cleansing and toning, and after applying the appropriate serum, apply the cream on the face, neck and décolleté and massage until it is fully absorbed. At home, after cleansing, toning and after applying the suitable serum, spread the cream on the face, neck and décolleté, and massage until fully absorbed.

Code Home JKN070
Code Professional JKN021

NOURISHING CREAM WITH CERAMIDES AND VITAMINS A-E

[Home: 50 ml jar – Professional: 250 ml tube]

This cream is formulated to effectively counteract the reduction of surface skin lipids that make the skin very dry, prone to flaking and dehydration. It contains a complex of ceramides, fatty acids and phytosphingosines that can be considered a replenished sebum, Vitamin A and E as antioxidants, and precious natural emollients such as Avocado oil and Shea Butter. It restores natural lipids and hydration on the skin surface. Protects from atmospheric agents, particularly from cold weather. Suitable for mature skin, from normal to very dry.

How to use: in the cabin after preparing the skin to receive the active ingredients with appropriate cleansing and toning, and after applying the suitable serum, apply the cream on the face, neck and décolleté and massage until fully absorbed. At home, after cleansing, toning and after applying the suitable serum, spread the cream on the face, neck and décolleté, and massage until fully absorbed.

Code Home JKN071
Code Professional DERM00014N – **PACK UNDERGOING RESTYLING**

MOISTURIZING CREAM WITH POMEGRANATE AQUAPORINS

[Home: 50 ml jar – Professional: 250 ml tube]

Contains aquaporins extracted from Pomegranate of particular importance in retaining the water of the skin layers. The long-lasting hydration action is completed by the complex between Xanthan Gum, Glucose, Carrageenan which form a hydrophilic film on the skin that retains water for a long time.

How to use: in the cabin after preparing the skin to receive the active ingredients with appropriate cleansing and toning, and after applying the suitable serum, apply the cream on the face, neck and décolleté and massage until fully absorbed. At home, after cleansing, toning and after applying the suitable serum, spread the cream on the face, neck and décolleté, and massage until fully absorbed.

EXPRESSION LINES CREAM

[Home: 50 ml jar – Professional: 200 ml tube]

A “youth treatment” enclosed in a 24-hour cream with a soft and delicate texture. Thanks to its particular formulation based on the exclusive Octapeptide III, it relaxes and reduces by 60% the micro-contractions of the skin, the cause of wrinkles and expression lines. Ideal product for those who want to prevent and combat the appearance of the first wrinkles, for a bright, fresh and youthful complexion from the first application.

How to use: in the cabin, apply to the face, neck and décolleté and perform the massage most suitable for the treatment being performed. At home, apply to the face, neck and décolleté with a light massage to facilitate absorption. It is recommended to apply morning and evening, after cleansing has been carried out.

Code Home JKN073
Code Professional MC9099 – **PACK UNDERGOING RESTYLING**

MULTIVITAMIN REGENERATING CREAM

[Home: 50 ml jar – Professional: 200 ml tube]

A 24-hour cream with a rich texture. Its potent cocktail based on vitamins C, E, F combats the signs of time by promoting collagen synthesis, stimulating tissue regeneration, and improving skin elasticity and tone. Youthfulness and energy are contained in a single exceptional product.

Code Home MC9054 – **PACK IN FASE DI RESTYLING**
Code Professional MC9100 – **PACK IN FASE DI RESTYLING**

CREAM FOR SENSITIVE SKIN

[Home: 50 ml jar – Professional: 250 ml tube]

A 24-hour cream with a calming and protective effect for sensitive skin.

How to use: apply the cream to the face, neck, and décolleté with a light massage to facilitate absorption.

Code Home JKN075
Code Professional JKN026

RICE SOOTHING CREAM WITH VITAMIN F

[Home: 50 ml jar]

An original emulsion with Vitamin F, recommended in all cases where couperose is associated with marked skin sensitivity. It also has after-sun properties. When applied after sunburn, it provides immediate relief and fixes the tan. The presence of Vitamin F also suggests its use in winter, as it has been widely proven to prevent the formation of chapping and irritation.

How to use: apply with a light massage.

Code 4170 – PACK UNDERGOING RESTYLING

HONEY PURIFYING CREAM

[Home: 50 ml jar]

A purifying facial cream particularly suitable for oily or acne-prone skin. The synergistic activity of propolis, salicylic acid, and iris extract (Florentine iris) ensures a deep purifying action. Honey provides moisturizing properties, while bisabolol soothes irritations.

How to use: apply a thin layer of cream to the face, neck and décolleté after cleansing, massaging until completely absorbed.

Code JKN037

HONEY ACID CREAM

[Home: 50 ml jar]

A soft emulsion capable of providing a very effective acidifying action for normalizing the surface film.

How to use: after cleansing, apply a thin layer of cream to the face, neck, and décolleté, massaging until fully absorbed.

Code JKN038

RENEWAL CREAM WITH HYALURONIC ACID AND LYCHEE

[Home: 50 ml jar]

This cream contains a complex of ingredients chosen to restore the lipid protective barrier on the skin, combat aging radicals, restore hydration, and stimulate the skin's natural regenerative functions. Suitable for mature, normal or dry skin.

How to use: apply the cream to the face, neck and décolleté with a light massage to facilitate absorption.

Code JKN044

BM-GLYCOLIC

MANDELIC ACID PEELING

[Professional: 150 ml bottle]

Mandelic acid promotes natural cell turnover and encourages the removal of damaged and degenerated epidermal cells. Hydrating and soothing, it is suitable for sensitive skin and is not photosensitizing.

How to use: apply a small amount of gel over the entire face with the appropriate brush. Leave on for 10 minutes, then rinse with cold water.

Code 6428 – PACK UNDERGOING RESTYLING

SALICYLIC ACID PEELING

[Professional: 150 ml bottle]

Salicylic acid belongs to the family of beta-hydroxy acids. It is used as a peel due to its smoothing and keratolytic properties. Suitable for the treatment of oily, seborrheic and impure skin.

How to use: apply a small amount of gel over the entire face with the appropriate brush. Leave on for 10 minutes, then rinse with cold water.

Code 6429 – PACK UNDERGOING RESTYLING

LACTOBIONIC ACID PEELING

[Professional: 150 ml bottle]

Lactobionic is a polyhydroxy acid mainly used as an exfoliating agent with smoothing and illuminating action. Suitable for all skin types, indicated for sensitive skin. Indicated for skin modelling of the dermis, it is highly moisturizing and antioxidant.

How to use: apply a small amount of Gel all over the face with the appropriate brush. Leave on for 10 minutes, rinse with cold water.

Code 6426 – PACK UNDERGOING RESTYLING

GLUCONOLACTONE PEELING

[Professional: 150 ml bottle]

Gluconolactone is known to promote natural cell turnover and combat photo-aging. The smoothing and brightening action is supported by a firming effect and good skin tolerability. It helps maintain the skin barrier in good condition. Suitable for mature skin.

How to use: apply a small amount of gel over the entire face with the appropriate brush. Leave on for 10 minutes, then rinse with cold water.

Code 6427 – **PACK UNDERGOING RESTYLING**

ALPHA BETA GEL – BETA SOLUTION

[Professional: 2 bottles of 150 ml each]

BETA SOLUTION: a product that prepares the skin for subsequent treatment with Alpha-Beta Gel, removing skin impurities and facilitating the subsequent contact of the Alpha-Beta Gel with the horny layer.

How to use: after thorough skin cleansing, apply the lotion with the help of a cotton ball.

ALPHA BETA GEL: a product that decreases the cohesion of corneocytes, promotes the removal of damaged layers and the synthesis of collagen and glycosaminoglycans. Thanks to the perfectly balanced pH, it offers spectacular results even in a single application and even on delicate skin. It can also be used on the eyelids and on the red part of the lips as a volumizer.

How to use: put a small amount of product in a tray. Apply the product with a cotton ball or brush on the forehead, chin, perimeter of the face, nose, around the lips, and finally on the cheeks. Avoid the eye contour. Leave on for 5/10 minutes, then remove the gel with a cotton ball or a sponge soaked in water.

Code 6431 – **PACK UNDERGOING RESTYLING**

OXYGENATING MASK HYDRATING-SOOTHING

[Professional: 50 ml bottle]

Intensive treatment to be combined with any application in the Institute. It gives the skin an instant burst of energy. The special formulation, when in contact with air, releases thousands of bubbles that revitalize the skin, resulting in fresh, vital, deeply renewed and hydrated skin in just a few minutes.

How to use: apply a thin layer on cleansed and dry skin, leave on for 2/3 minutes until it turns into a soft mousse. Massage for 2/3 minutes and rinse with water.

Code 6430 – **PACK UNDERGOING RESTYLING**

FACE CLEANSER FOR ALL SKIN TYPES

[Home: 150 ml bottle - Professional: 250 ml bottle]

Gentle cleanser suitable for even the most sensitive skin. It not only removes impurities, excess oiliness and make-up, but the daily use of Facial Cleanser is an indispensable beauty routine. It gently exfoliates the surface cells, leaving the skin soft and luminous.

How to use: apply a small amount of product to dry skin and gently massage. Add water. Cleanse thoroughly and then rinse. Use morning and evening.

Code Home JKN051

Code Professional 6425 – **PACK UNDERGOING RESTYLING**

FACE CREAM WITH GLYCOLIC ACID & UBICHINONE

[Home: 50 ml tube]

Ultra-active emulsion to protect every skin from premature aging, whose daily use produces an exfoliation that softens and smoothens the skin surface, reducing both fine and deep wrinkles. The formula with Ubichinone, a powerful antioxidant, actively combats the negative effects of the external environment on the skin, also ensuring hydration and compactness that are already evident from the first application and last over time. Facial Cream is enriched with Shea butter, glycyrrhetic acid, allantoin and bisabolol, making it also suitable for sensitive skin.

How to use: for the first week, apply the product only once a day, preferably in the evening, massaging a small amount onto the face, neck and décolleté. From the second week, apply twice a day, morning and evening, always on well-cleansed and dry skin. You may feel a very slight tingling in the first few days of application.

Code JKN076

HAND CREAM SUPER MOISTURIZING

[Home: 75 ml tube]

Ultra-active emulsion to protect the skin of the hands from premature aging, whose daily use produces an exfoliation that softens and smoothens the skin surface, with a "velvety skin" effect. The formula with Ubichinone, a powerful antioxidant, guarantees hydration and skin tone that are already evident from the first application and last over time. It not only gives moisture to the hands, but also comfort for the feet.

How to use: apply to the hands 1 or 2 times a day with a massage until completely absorbed. Repeat the treatment whenever you want to increase skin hydration and elasticity.

Code JKN083

FACE LOTION WITH VITAMIN A & UBICHINONE

[Home: 50 ml bottle]

This lotion synergistically uses three functional substances to counteract the signs of skin aging at the highest cosmetic level. Ultra active lotion to protect the skin from premature aging, whose daily use gently exfoliates the skin surface, reducing both fine and deep wrinkles, normalizing the oily areas of the face, thus giving it a more uniform appearance. The formula with Ubichinone and Vitamin A, which together have a complete antioxidant power, actively counteracts the negative effects of the external environment on the skin, improving hydration, brightness, compactness, and elasticity from the first application and with a long-lasting effect over time.

How to use: start for the first week by applying the product once a day, preferably in the evening, massaging a small amount onto face, neck, and décolleté. When the lotion is completely absorbed, apply a moisturizing cream. From the second week, apply twice a day, morning and evening, always on well-cleansed and dry skin. It is possible in the first days of application to feel a very slight tingling.

Code JKN078

BRIGHTENING SERUM WITH GLYCOLIC ACID & UBICHINONE

[Home use: 50 ml bottle]

Ultra-active formula with Glycolic Acid and Ubichinone, Vitamin C, and Octadecenedioic Acid. Ultra-active serum to protect the skin from premature aging, whose daily use gently exfoliates the skin surface, reducing deep and fine wrinkles. The formula with Ubiquinone, a powerful antioxidant, actively counteracts the negative effects of the external environment on the skin, guaranteeing hydration and compactness that manifest from the first application and last over time. Skin spots are prevented or countered thanks to the presence of stabilized Vitamin C, Octadecenedioic Acid, and sun filters whose combined action evens out the skin color day by day.

How to use: start in the first week by applying the product once a day, preferably in the evening, massaging a small amount onto the face, neck, and décolleté, particularly insisting on areas with spots. When the lotion is fully absorbed, apply a moisturizing cream. From the second week, apply twice a day, morning and evening, always on well-cleaned and dry skin. In the first few days of application, a very slight tingling sensation may be felt.

Code JKN079

FACE & BODY SCRUB

[Home: tube 200 ml]

Ideal for gently and delicately removing dead and flaking cells that make the skin dry and rough to the touch. The apricot kernel granules combined with glycolic acid will allow the skin to regain its natural softness, with an added velvety effect that lasts over time. The presence of Ubiquinone will improve the elasticity and hydration of the entire treated area. It regenerates the skin cells, improving the elasticity and hydration of the entire treated area. Leaves the skin glowing and uniform.

Usage instructions

Body: apply a small amount of product to dry skin and massage, focusing more on particularly rough areas. Rinse with water. Use 1/2 times a week.

Face: apply a small amount of product to dry skin and massage. Rinse with water. Use 1/2 times a week.

Code 6415 – PACK UNDERGOING RESTYLING

EYE CREAM

[Home use: 15 ml tube]

Thanks to the combination of gentle exfoliating action and the effective antioxidant activity of Ubichinone, this superb cream drastically reduces the depth of fine lines and wrinkles around the eyes. By immediately and durably hydrating the area, it improves its texture and tone.

How to use: apply a small amount of product in the well-cleansed eye contour area. During the first week, a single application is recommended, preferably in the evening, then switch to two applications per day from the second week.

Code 6408 – PACK UNDERGOING RESTYLING

WHITE 2 ANTI-SPOT

[Home: 30 ml bottle]

The most powerful whitening thanks to the synergistic and simultaneous action of 3 depigmenting agents able to inhibit the process of melanin production, thus contrasting all types of skin spots, both senile and solar. The special formula also contains peptides effective in improving the tone and elasticity of the skin.

How to use: apply to all areas showing discoloration (face, hands, décolleté) massaging until completely absorbed. For optimal results, apply every morning.

Code 6412 – PACK UNDERGOING RESTYLING

REPARATIVE CREAM HANDS AND BODY

[Home: 200 ml tube]

Ultra-active formula with Glycolic Acid, Ubiquinone, and Shea Butter. Ultra-active emulsion to protect the skin of the body and hands from premature aging, whose daily use produces a gentle exfoliation that softens and smooths the skin surface, with a "velvet skin" effect like never before. Above all, the formula with Ubiquinone, a powerful antioxidant, guarantees hydration and skin tone that is evident from the first application and lasts over time.

How to use: apply 1 or 2 times a day with a massage until completely absorbed, on all areas of the body where you want to increase hydration and elasticity.

Code JKN081

HIGHLY ACTIVE WRINKLE

[Home: 15 ml tube – Professional: 6 tubes of 2 ml each.]

Suitable for treating both fine and more marked wrinkles, as well as wrinkles from dehydration. It contains hyaluronic acid for a filling effect, botulinum-like hexapeptide anti-wrinkle and plant extracts with an emollient effect.

How to use: apply a small amount of product to the affected area morning and evening and pat until completely absorbed.

Code Home JKN084

Code Professional IR010 – **PACK UNDERGOING RESTYLING**

HIGHLY ACTIVE DARK CIRCLES

[Home: 15 ml tube – Professional: 6 tubes of 2 ml each.]

Suitable for treating bluish, reddish and brown complexion. It contains Chrysin to counteract the bluish and reddish complexion, and vitamin C for the brown complexion.

How to use: apply a small amount of product to the affected area morning and evening and pat until completely absorbed.

Code Home JKN085

Code Professional IR009 – **PACK UNDERGOING RESTYLING**

HIGHLY ACTIVE EYE BAGS

[Home: 15 ml tube – Professional: 6 tubes of 2 ml each.]

Suitable for treating fluid retention, excess fat and tissue relaxation. It contains ginger for a draining effect, glaucine for an anti-fat effect and pomegranate extracts for a tensor effect.

How to use: apply a small amount of product to the affected area morning and evening and pat until completely absorbed.

Code Home JKN087

Code Professional IR008 – **PACK UNDERGOING RESTYLING**

SHAPING CREAM

[Professional 6 jars of 5 ml each.]

Formula created to perform, with the included brush, the special Iridium shaping massage. The shaping cream can be enhanced by adding a few drops of one or more Highly Active Elixirs suitable for the subject in treatment.

How to use: apply to the entire eye contour area, performing the eye shaping massage.

Code IR012 – **PACK UNDERGOING RESTYLING**

TOTAL LIFTING VIBRANT ROLL ON

[Home: roll on 10 ml]

This product has been formulated to combat all the major blemishes in the eye area; it contains high percentage active ingredients such as: Green Tea extract with antioxidant action, hyaluronic acid with a filler effect, vitamins PP, C, E to counteract dark circles, escin with a draining effect against bags. But to ensure maximum effectiveness, the product is dispensed from the special vibrating roll-on that allows for a pleasant draining massage.

How to use: apply once a day, preferably in the morning, dispensing a small amount of product. Then activate the massage effect by pressing on the bottom of the container and massage for a few minutes (as shown in the attached figure), keeping the bottle with the ball upwards to prevent further serum leakage. For maximum results, alternate in the evening with the pearls or with the highly active creams.

Code IR005 – **PACK UNDERGOING RESTYLING**

HYALUROGEN FILLER EYE MASK

[Home: blister 3.3 ml - Professional: 6 pcs]

Filler effect mask based on native collagen activated at the moment with hyaluronic acid. Thanks to the special container, the two anatomical masks based on native collagen are enhanced at the moment with long-chain hyaluronic acid. In just 20' of laying they produce an instant effect of firming of the tissues and smoothing of wrinkles. They are a complete beauty treatment for the eye area to be used once a week or whenever you wish.

How to use: without opening the container, squeeze the hyaluronic acid blister that will thus soak the two collagen masks. Remove the two masks and adhere to the eye contour the collagen side, leaving the tissue side towards the outside. Keep in place for 20' during which you can carry out any activity even standing.

BODY

PREPARATORY SOLUTION

[Professional: 500 ml bottle]

Deep skin cleaning is essential to best prepare it to receive treatment. This acidic solution in a spray bottle, misted all over the body and massaged with a sponge or cotton, removes sebum, sanitizes the skin, eliminates impurities and bacteria. No rinsing is needed.

How to use: mist all over the body and massage with a sponge or cotton.

Code DERM00076 – **PACK UNDERGOING RESTYLING**

PROGRESSIVE PEEL

[Professional: 500 ml bottle]

It encourages the gentle but progressive detachment of horny cells based on exposure time or the number of weekly applications. The exfoliating effect is profound even if not noticeable, and this significantly improves the penetration of all the active ingredients that are used subsequently and, consequently, their performance.

How to use: apply the product all over the body, leave on for at least 15 minutes, and rinse with water. It can also be used on areas with cellulite, adiposity, and atony, before the application of cataplasms to allow for better vehiculation.

Code DERM00075 – **PACK UNDERGOING RESTYLING**

SPARKLING GRAINS

[Professional: 40 g sachets each]

Effervescent granules that develop an active foam that deeply oxygenates tissues.

How to use: pour the contents of the sachet onto your hands or a sponge glove and massage onto the area of interest until the granules are completely dissolved.

PACK UNDERGOING RESTYLING

STRONG SCRUB

[Home: 200 ml jar – Professional: 1000 ml jar]

Thanks to the mechanical action of Lava Powder granules, it facilitates the detachment of scaling skin cells decisively and in proportion to the application energy. It can be massaged onto the skin for a long time, providing a pleasant stimulating action on the nerve endings that translates into a state of deep relaxation.

How to use: gently massage with circular movements, applying a light pressure to enhance the effect of the scrub. Remove with water.

SILKENING FIRMING CREAM BODY AND BREAST

[Home use: 200 ml jar Professional: 300 ml tube]

This cream provides the skin with a pool of substances that keep it young and elastic. The synergy between silk proteins and African mango extract addresses all the causes of atonia. It also contains a blend of substances capable of reducing and preventing stretch marks.

How to use: apply all over the body and breasts and let it absorb with stroking movements.

Code Home JKN147
Code Professional DERM00095 – **PACK UNDERGOING RESTYLING**

SONIC CREAM

[Home use: 200 ml jar]

Its high concentration of ultrasound effect active ingredients slims, shapes, and tones. Its formulation penetrates deeply, effectively combating localized adiposity imperfections.

How to use: massage on the areas to be reduced with circular movements until completely absorbed. One application per day is sufficient, preferably in the evening before going to bed.

Code SL006 – **PACK UNDERGOING RESTYLING**

DRAINING LEG CREAM

[Home use: 200 ml tube]

It contains active ingredients of plant origin with protective action on microcirculation and draining on fluid stagnation. Slightly refreshing, it provides relief to tired or swollen limbs giving a feeling of rest that lasts for several hours.

How to use: apply a small amount on the legs and let it absorb with stroking movements.

Code JKN164

HOME KIT WITH CREAM SUITABLE FOR DRIER SKINS

[Home use: Kit]

1 Sonic Cream: its high concentration of ultrasound-effect active ingredients slims, shapes, and tones. Its formulation penetrates deeply, effectively combating the imperfections of localized adiposity.

2 Blister x 6 Caps: single-dose pearls containing a concentrate of the purest active ingredients such as poppy seed extract, centella asiatica extract, and non-colored carotenoids. A mix of functional substances that offer excellent results against the imperfections of cellulite, adiposity, and stretch marks.

2 Sonic Cup: special massaging silicone cups, for optimal application of Sonic Cream and Gel. They reactivate the microcirculation, allowing for greater oxygenation of the tissues.

Code SL012 – **PACK UNDERGOING RESTYLING**

BODY MILK LIFTING AND SILKENING

[Home use: 200 ml bottle]

Soft emulsion that contains Shea Butter and African Mango for moisturizing and emollient action. It leaves the skin smooth as silk and with a pleasant fragrance that stays on the skin all day. **Suitable for all skin types, every day.**

How to use: apply all over the body after bathing or showering.

Code DERM00081 – **PACK UNDERGOING RESTYLING**

SLIM SHOWER GEL

[Home use: 200 ml tube]

Easy and practical to use to maintain a perfect silhouette thanks to the presence of Caffeine, Essential Oils, Sea Salts, and Algae.

How to use: apply to wet skin after showering, massage for a few moments. Rinse with warm water and it is advisable to follow with a jet of cold water to improve the toning action, in this way the functional substances spread deeply for a rapid action.

Code JKN163

LIFTING SHOWER GEL

[Home use: 200 ml bottle]

Pleasant product based on gentle detergents and hydroxy acids with a lifting effect, to be massaged vigorously with circular movements all over the body during the shower, focusing particularly on areas with reduced elasticity. Contains silk proteins, excellent for hydrating and protecting the skin. It prepares the skin to absorb active substances, smoothing and purifying it.

How to use: massage vigorously with circular movements all over the body during the shower. Avoid using on the face and intimate areas.

Code DERM00098 – **PACK UNDERGOING RESTYLING**

VIALS / ACTIVES

SUPER ACTIVE SLIMMING FOR COLD AREAS CAVITATION EFFECT

[Professional: vials 10 pcs x 10 ml each.]

Contains a combination of all the active ingredients of the line with recognized lipolytic activity capable of strongly counteracting adipose and cellulite pads. The product should be manually massaged until absorbed on dry and clean skin or can be carried with all aesthetic technologies. The product activates an average hyperemia in the areas of use, especially in the first sessions. At least two applications per week are recommended during the shock phase, then once a week.

How to use: apply the vial locally, on pads with cellulite and adiposity.

Code DERM00086 – **PACK UNDERGOING RESTYLING**

SUPER ACTIVE SLIMMING FOR WARM AREAS CAVITATION EFFECT

[Professional: vials 10 pcs x 10 ml each.]

Contains the same active ingredients as the Super Active for cold areas, in addition to protective substances for microcirculation, and does not produce hyperemia. Therefore, it is suitable for areas with capillary fragility or when it is preferred to avoid hyperemia.

How to use: apply the vial locally to areas that present edematous cellulite, blood-lymphatic stasis, and capillary fragility.

Code DERM00087 – **PACK UNDERGOING RESTYLING**

SUPERACTIVE SHAPING RADIOFREQUENCY EFFECT

[Professional: ampoules 10 pcs x 10 ml each.]

Contains a combination of antioxidant and elasticizing active ingredients, so the product is suitable for a shock action in areas that have lost their normal skin tone, particularly inner thighs, arms, abdomen and breast. The sensation of local temperature drop is due to the activity of the product that must be massaged until absorption in the affected areas and can be driven with all the most common aesthetic technologies. It is recommended two ampoules a week as an attack dose then switch to one a week. Increases hydration, elasticity and turgidity of the skin, stimulating collagen synthesis.

How to use: apply the ampoule on the areas showing skin atony, including the breast. Massage until fully absorbed.

Code DERM00088 – **PACK UNDERGOING RESTYLING**

CELLULITE SHOCK COMPLEX

[Professional: ampoules 12 pcs x 10 ml each.]

Cosmetic ampoule characterized by Carnitine and Caffeine, effective lipid mobilizers, and a phyto-complex enriched with Phosphatidylcholine, created to counteract cellulite accumulations.

How to use: apply the ampoule and let it absorb with a light massage.

Code JKN116

SUPER ACTIVE SLIMMING FOR COLD AREAS CAVITATION EFFECT

[Professional: vials 10 pcs x 10 ml each.]

Contains a combination of all the active ingredients of the line with recognized lipolytic activity capable of strongly counteracting adipose and cellulite pads. The product should be manually massaged until absorbed on dry and clean skin or can be carried with all aesthetic technologies. The product activates an average hyperemia in the areas of use, especially in the first sessions. At least two applications per week are recommended during the shock phase, then once a week.

How to use: apply the vial locally, on pads with cellulite and adiposity.

Code DERM00086 – **PACK UNDERGOING RESTYLING**

TRIACTION BODY CAPS

[Home use: 2 blisters x 6 pearls each]

Single-dose pearls with a concentrate of purest actives, enclosed in a capsule. A mix of functional substances that, taking advantage of modern dermocosmetic technology, offer excellent results against cellulite imperfections, with a triple action against fat, stretch marks and draining.

How to use: open the cap by rotating the upper part and distribute the product on the areas to be reduced, massaging until completely absorbed. Apply 1 cap per day, regardless of morning or evening, for 6 consecutive days. Suspend for one day and then restart until the end of the 12 caps. In more stubborn cases, repeat the cycle.

Code SL011 – **PACK UNDERGOING RESTYLING**

REDUCING FANGOALGA RADIOFREQUENCY EFFECT

[Professional: jar 1000 ml]

Product born from the long experience of Spas. It generates a deep heat that also has a shaping activity thanks to the simultaneous presence of clay, red and brown algae, and the presence of black and pink pepper, providing a pleasant sensation of active heat that fades day by day when the first results appear. Suitable for cellulite and very resistant localized fat.

How to use: apply the mud to areas showing cellulite and localized or widespread fat, leave on for 30 minutes and rinse with warm water. Do not apply to areas with varicose veins and capillary fragility.

Code JKN090

CELLULITE FORTE MUD

[Professional: 12 pcs x 100 ml each.]

Mud that includes precious ingredients such as Ozonides, Algae, Vegetable extracts and Phosphatidylcholine, with extraordinary effectiveness on adiposity. A pool of active ingredients makes this cosmetic preparation unique, targeted at the treatment of cellulite.

How to use: spread a layer of product on the parts to be treated, using a brush. Rinse the treated part after the treatment.

Code VL2511 – PACK UNDERGOING RESTYLING

MODELING FANGOALGA LIPOCRIO EFFECT

[Professional: jar 1000 ml]

High modeling activity thanks to the simultaneous presence of Clay, Red and Brown Algae, Litsea, and Malaleuca. Suitable for cellulite and widespread adiposity and, thanks to its menthol content, suitable for delicate skin, capillary fragility, and skin atony.

How to use: apply the mud to areas showing edematous cellulite or atony. Leave on for 30 minutes and rinse with warm water. It can also be applied to areas with capillary fragility.

Code JKN091

REDUCING ACTION BANDAGES WITH PHYTONIC®

[Professional: pack. 6 sachets x 190 ml each.]

Bandages to be soaked with specific solutions created and to be wrapped around the area to be treated with a "gradual" bandage.

How to use: wrap the bandage around the area to be treated and leave it on for 15/20 minutes.

Code JKN129

SAUNA EFFECT PATE

[Professional: jar 1000 ml]

The ideal product when significant fluid mobilization is required for a draining action. It benefits all cases of cellulite, particularly edematous, but also in case of heavy legs or for individuals who complain of poor perspiration. To ensure a "sauna effect", the product should be applied using a thermal blanket or infrared, to enhance the effectiveness of the active ingredients.

Code DERM00085 – PACK UNDERGOING RESTYLING

CELLUSYS

[Home use: tube 200 ml]

High concentration cream of substances inserted to counteract the imperfections due to fat accumulation (caffeine, theobromine, and carnitine) in addition to a blend of plants with a draining action. It promotes capillary circulation, capable of counteracting fat accumulation and draining. The skin will appear immediately more compact, nourished and smooth.

How to use: apply the cream 1/2 times a day on the interested areas and make it penetrate with a massage.

Code JKN130

T-SHOCK 31

ADIPE FORTE MUD

[Professional: jar 1000 ml]

The content in algae, vegetable extracts, ozonized oil and now the new Phosphatidylcholine that acts directly on adipose accumulations makes this extremely active cosmetic precious and unique.

How to use: with the aid of a brush, apply a layer of mud on the adipose areas. Rinse the treated part after the treatment.

Code JKN121

GEL

[Professional: jar 1000 ml]

Special gel with a formulation of balanced and effective active ingredients that contains extracts of 31 officinal plants for quick modeling action, selected by the researchers of the Mességué Center.

How to use: it should be applied warm all over the body with a light massage, excluding the chest.

Code JKN124

**SALI**

[Professional: jar 1000 g]

A mixture of salts capable of carrying out a rapid osmotic action, with an "absorbent paper" effect.

Use for bandage: dissolve in about a liter of water at a temperature of 50/60°, 100 gr of salts and soak the bandages.

Code JKN125

RASSOD-EL

[Professional: jar 1000 ml]

This Gel can be considered a "The Treatment", it is in fact the first cosmetic treatment that contains various types of tea (Black Tea, Green Tea, Red Tea, Rooibos, Karkadè-Hibiscus, Kombuchka), capable of developing a potent antioxidant action which results in a prompt and evident toning effect to be exploited in the relaxed areas of the skin and particularly on the breast where it guarantees a "push up" effect.

How to use: apply on the legs, abdomen, arms, and chest, until almost completely absorbed.

Code JKN126

**MODELL-ICE**

[Professional: jar 1000 ml]

A blend based on mint, menthol and eucalyptus, it is particularly suitable for the localized treatment of heavy and tired legs. It has a refreshing effect, aids the contraction of peripheral vessels by stimulating their tone and capillary tone, and consequently peripheral irrigation. For a pleasant sensation of freshness and lightness.

How to use: apply to the legs until almost completely absorbed.

Code JKN127

**GIROVITA-L**

[Professional: jar 1000 ml]

Thanks to the presence of active ingredients such as Centella Asiatica, Ivy and Horse Chestnut with a draining effect, it acts on the slowing down of blood flow. Carnitine is an essential amino acid for lipid oxidation, it binds fatty acids and allows their entry into mitochondria where they burn to produce energy. Caffeine is an excellent drainer; it promotes the reduction of fluid deposits, but above all it acts as a fat burner thanks to its ability to inhibit phosphodiesterase, the enzyme that slows down lipolysis.

How to use: apply directly to the abdomen until almost completely absorbed.

Code JKN128

**BODY SHAPING BANDAGES**

[Professional: bandages pack of 3 pcs]

Bandages to be soaked with special solutions created and to be wrapped around the area to be treated with a "gradual" bandage.

Code MC9125

MASSAGE OILS**DYNAMIC OIL**

[Professional: 500 ml bottle]

It is the ideal vehicle for an aromatic massage if added with essential oils or, thanks to its excellent smoothness, it is suitable for any type of massage.

How to use: apply all over the body to allow smoothness during the massage.

Code DERM00069 – **PACK UNDERGOING RESTYLING****OXYGENATING REDUCING OIL**

[Professional: 250 ml bottle]

Cosmetic whose formulation, based on ozonated oils, allows for accelerated normalization of cellulite tissues. The contained Phosphatidylcholine makes this oil very effective on localized adiposity.

How to use: apply to areas affected by imperfections and penetrate with appropriate massage.

Code JKN120

ANTI-CELLULITE PLASTER

[Professional: 800 g jar]

The mix of spices and active principles present in the product help to improve the functionality of the microcirculation, act on adipose accumulations, purifying the body of toxins, offering an antioxidant action. Lipolytic Complex based on a delivery system based on conjugated linoleic acid, which contains 97% pure 'forskolin' slimming extract and the extract of LYTHRUM SILICARIA, which allows lifting of the buttocks and reshaping of the thighs. The product helps to improve the functionality of the microcirculation, acts on adipose accumulations and promotes the drainage of fluids.

How to use: place in a container the quantity of plaster suitable based on the chosen area. Gradually mix with cold water until a soft and creamy texture is obtained. Apply immediately.

Code JKN131

ADIPE REDUCING PLASTER

[Professional: 800 g jar]

The plaster will give life to a reducing treatment, acting directly on adipocyte inhibition. A new method to shape and slim, thus giving a new shape to the silhouette. Hyaluronic Acid and Proline work in synergy to inhibit and eliminate fat deposition and the recruitment of new adipocytes, through an anti-adipogenesis action. The functional substances act as stimulators, triggering a lipolysis process in adipocytes, significantly reducing the thickness of the adipose tissue and abdominal swelling. Designed to treat selectively and locally the aesthetic problem.

How to use: place in a container the quantity of plaster suitable based on the chosen area. Gradually mix with cold water until a soft and creamy texture is obtained. Apply immediately.

Code JKN133

FIRMING PLASTER

[Professional: 800 g jar]

The firming plaster is a new revolutionary method to reshape, tone and smooth the skin. The main functional substances contained in the powder help to rejuvenate the skin, thanks to the presence of LYTHRUM SILICARIA extract, a plant rich in two specific Bio-Markers that act on both the lifting of the buttocks and the reshaping of thighs and breasts. The moisturizing and antioxidant properties help against aging, contrasting skin relaxation, revitalizing tissues and working on elasticity. The mix of spices and functional substances of the line act with antioxidant and elasticizing properties, performing a firming and stimulating action of skin turgor.

How to use: place in a container the quantity of plaster suitable based on the chosen area. Gradually mix with cold water until a soft and creamy texture is obtained. Apply immediately.

Code JKN134

BLACK PEPPER SCRUB

[Professional: 200 ml tube]

Essential for cellular renewal, in preparation for treatment. This product performs a smoothing and energizing action, an effective exfoliation capable of removing toxins and dead cells. The functional substances present provide nourishment and keep the skin soft and hydrated.

How to use: massage the scrub for a few minutes in circular motions. Remove everything with plenty of warm water.

Code JKN135

TRIPHASIC ACTIVATING SERUM

[Professional: vials 10 pcs x 10 ml]

Concentrated solution specific for the treatment of cellulite. Thanks to the presence of Black Pepper, Cinnamon, Ginger, this enhancer performs a draining, purifying, and stimulating action. All of this is enhanced by the extract of Lythrum Silicaria, ideal for sculpting and shaping.

Code JKN136

ANTI-CELLULITE CREAM

[Professional: tube 200 ml]

Thanks to the presence of a powerful mix of spices, this cream performs a strongly draining, lipolytic, and stimulating action. The action of Lythrum Silicaria thins the hypodermis and consequently induces a deep reshaping effect on the curves. The preparation guarantees a modeling action, sculpts the silhouette reducing the unsightliness of cellulite.

How to use: apply the cream to the area to be treated and massage until absorbed.

Code JKN139

ADIPE REDUCTION CREAM

[Professional: tube 200 ml]

A cream with reducing and slimming properties, specific for adipose accumulation (abdomen, buttocks, and hips). The presence of many functional substances gives the cream lipolytic properties and anti-fat storage, for a long-lasting reducing action. The extract of Lythrum Silicaria promotes the reorganization and alignment of collagen.

How to use: apply the cream to the area to be treated and massage until absorbed.

Code JKN143

FIRMING CREAM BODY/BREAST

[Professional: tube 200 ml]

A specific cream suitable for firming the skin of the body. In addition to the regenerating action due to an exclusive vitamin complex, the extract of Lythrum Silicaria, is rich in two specific BioMarkers that act simultaneously on two main areas: lifting of the buttocks and remodeling of thighs and breast.

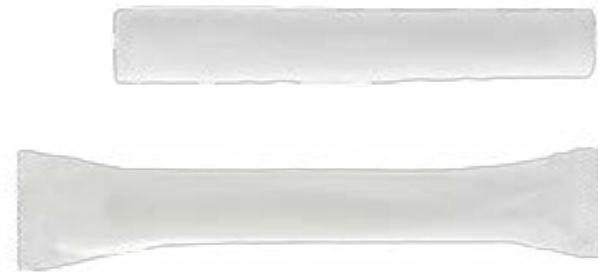

How to use: apply the cream to the area to be treated and massage until absorbed.

Code JKN146

DISPOSABLE GAUZE KIT

[Professional: bandages pack of 10 pcs]

Bandages to wrap the area treated with the casts.

Code JKN162

ANTI-CELLULITE KIT

[Home use: 200 ml tube + 6 vials of 10 ml each]

Kit for cellulite blemishes, auxiliary to professional treatment, it is an intensive home treatment program. The application of the booster serum provides a draining lipolytic action, while that of the cream amplifies the action and improves the visual appearance of cellulite. Contains a 200 ml cream and 6 boosters.

Code JKN159

ADIPE REDUCTION KIT

[Home use: 200 ml tube + 6 vials of 10 ml each]

A shock sculpting kit, adjunctive to professional treatment, it's an intensive home treatment program. The application of the boosting serum effectively fights the storage of fats within the adipose cell, while the cream creates a strong reducing and sculpting action. Contains a 200 ml cream and 6 boosters.

Code JKN161

FIRMING KIT

[Home use: 200 ml tube + 6 vials of 10 ml each]

A shock firming kit, adjunctive to professional treatment, it's an intensive home treatment program. The application of the boosting serum unfolds a marked antioxidant and regenerative action, while the cream creates a strong firming, elasticizing and revitalizing action. Contains a 200 ml cream and 6 boosters.
